

An Internship with Nibbi

Each year Nibbi offers summer internships in General Contracting, Concrete, and its Self-Perform groups. An internship will complement your education with real-world experience while keeping it fun and interesting.

Our interns are given a broad range of work assignments mirroring the responsibilities of a Project Engineer. Busy work is not part of the program! Our interns are part of the team and make real contributions while interacting with subcontractors, architects, and owners. You will not be sitting at a computer all day. Your boots will get dirty. Interns go on frequent job walks with safety professionals and other team members, and are encouraged to get out in the field on their own and talk with our trade partners to understand their work and how all the pieces fit together. Interns are included in most project meetings to witness firsthand the collaboration in action among subcontractors, suppliers, architects, and owners.

A summer internship will also provide you with OSHA 10 or OSHA 30 training and certification, an accomplishment you can be proud of throughout your career. During the summer, you will have opportunities to learn and socialize with others outside of your project team. We offer our interns an hourly rate of \$28 as well as a generous stipend to help cover the expense of working in the Bay Area.

Should you become part of our salaried staff after graduation, we will support you with continuing education goals, student loan repayment, an annual bonus, and a full slate of benefits.

WHAT WE ARE LOOKING FOR

- College students pursuing a degree in Construction Management, engineering or a related field;
- Motivated, curious, team-oriented, and ready to get outside of the comfort zone;
- Available to work 35-40 hours/week for 10 weeks on a project site or office in the San Francisco Bay Area; and
- Authorized to work in the US now and in the future without employer sponsorship.

PHYSICAL DEMANDS

The physical demands described here must be met by project-based employees, with or without reasonable accommodations.

- Walk, climb stairs, sit, and stand.
- Talk and hear at normal levels.
- See with close vision, distance vision, color vision, peripheral vision, depth perception, and have the ability to adjust focus.
- Reach with hands and arms.
- Use hands and fingers to operate tools and other business machines.
- Lift and/or move up to 20 lbs.

TO APPLY

Please send your resume with a cover letter describing why you are interested in working with us to: hr@nibbi.com. You are welcome to apply at any time, however, we participate in numerous on-campus career events in the fall and many of our positions are filled by January. Apply early!
